

I *Believe*

*Children have dignity and worth as human beings.

*Children learn best when they feel good about themselves and their relationships with others.

*Children who understand their feeling are better able to control their behavior.

*Children are capable of making responsible choices.

*Attitudes formed during elementary school shape future attitudes toward self, learning, and society.

Individual and/or Group Counseling Helps Students by-

Promoting positive attitudes toward self, family, peers, and community.

Assisting students in learning how school performance relates to future opportunities.

Helping students to recognize and make the best of their abilities.

Providing support during personal crisis.

Giving students an opportunity to share their feelings and concerns.

Helping students to appreciate their own culture and the culture of others.

Elementary guidance and counseling services are available to all students, not just those in a crisis situation.

Students are provided with a comprehensive and developmental guidance and counseling program to assist in enabling them to learn, to work, and to live in the future.
