## Assessment and Counseling Clinic

The Professional Counseling Program at Texas State houses a counseling clinic on the first floor of the *Round Rock Higher Education Center* (see address and map below). In the clinic, advanced graduate students, under the supervision of professors, practice valuable skills while providing a valuable service to the university and community. Adults, couples, children, and adolescents are all populations that our students can serve; play therapy is available for children under the age of 10. Fees for counseling services are on a sliding scale.
