

Wish you could see what your child currently had checked out from the library?

## Here's how to do it:

Visit the Pflugerville ISD website at

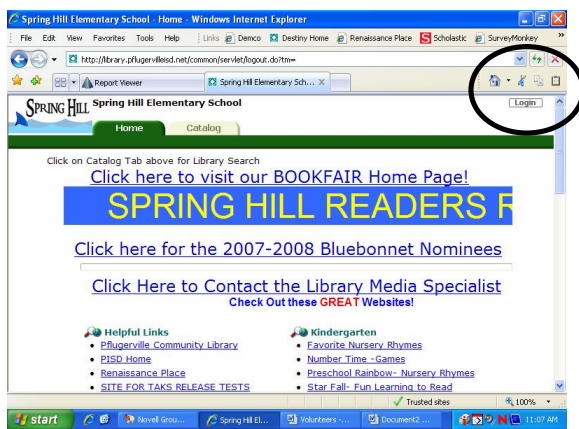

[www.pflugervilleisd.net](http://www.pflugervilleisd.net)

Click on the "Students" tab at the top.

Then click on the PISD Libraries Online link.

Then choose your campus.

You will see in the top right hand corner a Login button.

Then use your child's Student ID # (Ask them for the "7" number they use for the computer lab) for the **UserName and Password**

Now you will be able to see a "My Info" tab at the top. You can now see all the titles currently checked out to your child under **Patron Status!**
