Title		Suggested Dates
Reading Strategies and Dictionary Skills		Dec. 7 – Dec. 18 10 Instructional Days

Big Idea/Enduring Understanding	Guiding Questions
Using reading and writing tools help us perfect our ability to communicate effectively.	How do I use a dictionary? How can tools make me a better writer? What resources do I have?

The resources included here provide teaching examples and/or meaningful learning experiences to address the District Curriculum. In order to address the TEKS to the proper depth and complexity, teachers are encouraged to use resources to the degree that they are congruent with the TEKS and research-based best practices. Teaching using only the suggested resources does not guarantee student mastery of all standards. Teachers must use professional judgment to select among these and/or other resources to teach the district curriculum.

Reading/Comprehension Skills. Students use a flexible range of metacognitive reading skills in both assigned and independent reading to understand an author's message. Students will continue to apply earlier standards with greater depth in increasingly more complex texts as they become self-directed, critical readers. The student is expected to:

- (A) establish purposes for reading selected texts based upon content to enhance comprehension;
- (B) ask literal questions of text;
- (C) monitor and adjust comprehension (e.g., using background knowledge, creating sensory images, rereading a portion aloud, generating questions);
- (D) make inferences about text using textual evidence to support understanding;
- (E) retell important events in stories in logical order; and
- (F) make connections to own experiences, to ideas in other texts, and to the larger community and discuss textual evidence.
